

SOPHIE + SAGE

Partner referral sheet

This sheet is for coaches, family-law attorneys, and housing advocates. You keep the relationship. We handle the logistics.

We do not contact her without a safe channel. The safe channel is Signal, Proton, or the partner.

The first note needs her first name or initials, the city, pets, a 30, 60, or 90-day window, a budget band, and one note. Not her phone, her address, her last name, or a case number.

The address and full name go on the safe channel after we reply. This page does not keep a client list.

Referral only. No public client list. Henderson, NV. Remote US.
